

Latest **Direct Evolution software licenses** for 2021

Direct Evolution is Delphi Technologies software solution that provides customers with a range of technical information and data required to meet our Diagnostics, technical repair and distribution standards.

Delphi Technologies continues to develop this platform to ensure it meets the evolving requirements of our customers and the demands of the market, providing regular updates for all parts, application data, Diagnostic & Repair instructions and tooling.

### 2021 Direct Evolution software

Direct Evolution is offered to official distributors and members of Delphi Technologies Authorised Networks. There are several versions with appropriate content according to the requirements of the end user / network group.

- **FULL** version

For the Delphi Authorised Repair Network

- **LITE** version

Distributors / Customers who only require parts information

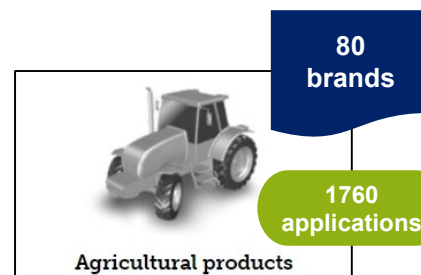

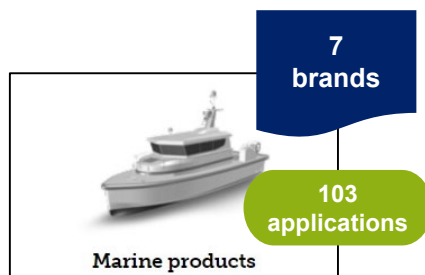

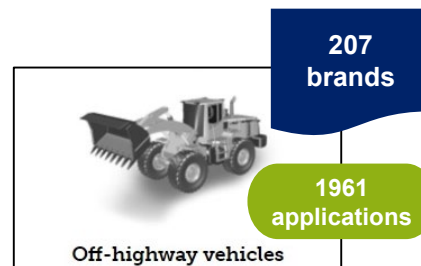

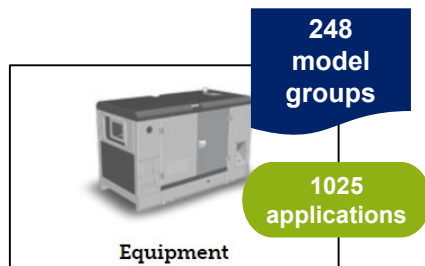

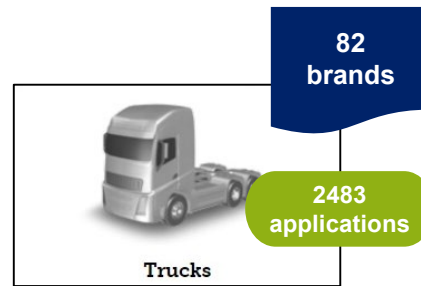

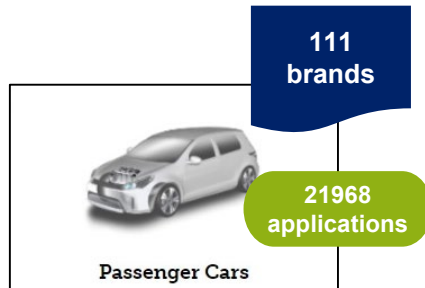

- **DSC** version

Reserved to the members of Delphi Service Centre Network. It includes parts information, diagnostic help and access to a specific level of Delphi V.T.I. (Vehicle Technical Information)

(\*): The DSC version of Direct Evolution is included in the DSC membership pack DDSX533 – not available separately.

### Segments, brands and applications coverage

### Parts and tooling coverage

- >31612 Delphi Technologies Fuel Injection parts
- >5201 Delphi Technologies Engine Management parts
- >4363 Delphi Technologies Air Conditioning parts
- >15181 Delphi Technologies Braking parts
- >7571 Delphi Technologies Steering & Suspension
- >350 Delphi Technologies tools

### Added documents

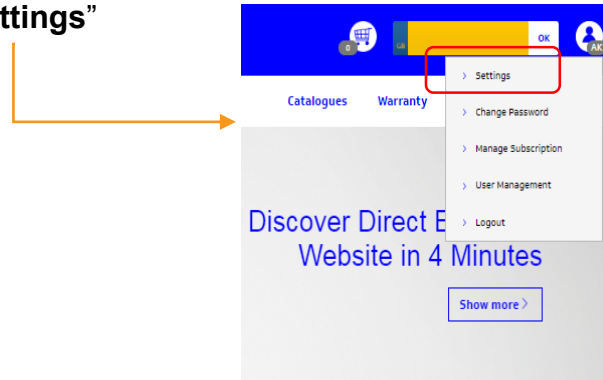

- 64 Advanced Notes
- 22 Service Instruction Notes
- 14 General / Diagnostic manuals
- 3 Quick-start guides (Diagnostics)
- 1 Marketing Notes
- 1 Warranty form

### New features / feature enhancements

- Preferences , User and Workshop details

The “Settings” feature has been improved for a better clarity and support of more User and Workshop information.

In the top-right corner, select “Settings”

Select the tab to update, then click the “Edit” button

*Enter your preferences*

*Complete your  
“User details”*

*Update your  
workshop details*

A screenshot of the 'Your Company Details' form. At the top, there are three tabs: 'Preferences', 'User Details', and 'Workshop Details'. Below the tabs, the form contains several input fields: 'Company Name' (with 'DPSS France' entered), 'Customer Code', 'Address 1', 'Address 2', 'Post code', 'City', 'State', and 'Country' (with 'France' selected). There is a large text area for 'Disclaimer' with a placeholder text: 'Enter your Disclaimer, to display in the printed documents such as the Cost Estimates'. At the bottom, there is a 'Workshop logo' field with a handwritten logo that says 'My Workshop LOGO'. An 'Edit' button is located at the bottom center of the form.

*Load the logo of your  
company*

*Edit your settings*

*Enter your own  
“Disclaimer” message*

### New features / feature enhancements

### Part Numbers & activation

Direct Evolution is charged on an annual license basis with the period running from April 1st – March 31st.

#### WEBSITE SUBSCRIPTION

Part Number	Description
DTQX106B	Direct Evolution Full Website Activation Code x 1
DTQX104B	Direct Evolution Lite Website Activation Code x 1
INCLUDED IN DSC MEMBERSHIP & RENEWAL PACKAGES	Direct Evolution DSC Website Activation Code x 1*

2021										2022		
April	May	June	July	August	September	October	November	December	January	February	March	
100% of annual price						50% of annual price			25% of annual price			

The software is charged depending on the month of order, according the structure below:

Users who require multiple Direct Evolution Licenses can discuss their requirements with their local sales representative and can benefit from a quantity price reduction.

**Important:** *The Direct Evolution License is non-transferable and unauthorised distribution is prohibited. Please retain the license code for your records as you may be asked to supply the original code in the case of future enquiries. Delphi Technologies cannot accept any legal liability for any inaccuracies within the software.*

#### How to activate your Direct Evolution Online subscription using your license code:

Navigate to the Direct Evolution website <http://www.delphidirectevolution.com/> and follow the instructions, entering your Subscription Activation Code when prompted.

**New User:** When on Direct Evolution web page, click the link specified in the blue area to start creating your account.

New user? [Click here](#) to create your account. To access a wealth of technical information, contact your usual Delphi reseller to get an activation code.

You don't have an activation code? Try the free version\* and upgrade later.

\*Limited functionality and content – Fore Demo only.

**Renewal:** For renewal, please first log onto the website and follow the instructions.

**Attention:** If you already have an account and create a new one, you will lose your personal data (Bookmarks, search history...)

#### System Requirements

- Internet connection
- Adobe Acrobat Reader 6 or greater
- Internet browsers: Microsoft Internet Explorer 11 / Mozilla Firefox from version 46 / Google Chrome / Microsoft Edge / Safari

## More content for your Diagnostic & Repair business

Your Direct Evolution account serves as the Delphi Technologies platform dedicated to Technical Information.

Upgrades are possible to access more resources:

- More vehicles
- All-Makes powertrain technologies
- Technical Service Bulletins
- Guided diagnostics
- Electronic wiring diagrams
- Repair manuals
- Maintenance data

....and much more

The screenshot displays the Delphi Direct Evolution software interface. On the left, a navigation menu includes 'Overview', 'Maintenance', 'Repair Data', 'Electronics', 'SmartPACK', 'Delphi Technologies Parts', and 'Delphi Technologies Documents'. The main content area shows a technical diagram of a vehicle component with torque specifications: 340 Nm, 215 Nm, 195 Nm, and 130 Nm. Below the diagram, there are sections for 'Recalls' and 'Service Bulletins'. One service bulletin entry reads: 'Noise from the additional heater: Excessive smoke from the fuel burning additional heater; Inoperative additional heater; An additional heater warning message appears on the display (28/03/2018, GI83.70-P-067881)'. Another entry mentions 'Rattling noise from the steering rack; Humming noises from the front of the vehicle when cornering (20/03/2018, GI46.35-P-065936)'. A second screenshot below shows a different interface for a truck, with a search bar and a list of systems including 'Electronically controlled air suspension (ECAS)', 'Leading rear axle (Rear air suspension, front air suspension)', and 'Leading rear axle (Rear air suspension, front leaf spring suspension)'.
