

BOSCH DCI 700 TEST BENCH

NOW AVAILABLE AT MERLIN DIESEL

Merlin Diesel Systems are a national distributor of Bosch Test Benches and Tooling for the Independent diesel network in the UK and Ireland

We are pleased to be able to offer this **DCI 700** Test Bench from Bosch to our valued customers.

The Bosch **DCI 700** diesel test bench is designed with the future in mind with its new measurement system that has the ability to test the latest common rail injector technologies for all car and commercial vehicle systems. This includes those with Needle Closing Control (NCC) and Valve Closing Control (VCC).

The **DCI 700** offers you and your workshop super-efficient testing with its short mounting and testing times, which enables four common rail injectors to be tested in less than 15 minutes.

Designed with a tapered base, it allows the operator to stand closer to the bench without having to bend to mount the injectors. This is one of the many ergonomic features that make the DCI 700 so easy to use.

DCI 700 scope of delivery:

- High pressure pump CP4.2
- CRI accessory kit for solenoid and piezo CRIs
- 15.6" LCD Touchscreen
- Swivelling tray for keyboard and

BOSCH DCI 700 TEST BENCH

NOW AVAILABLE AT MERLIN DIESEL

Features Overview

- Ergonomic and intuitive design: For easy operation
- Short mounting and testing times: For supreme efficiency
- Test all cars and commercial vehicles: For versatility
- New technology: For futureproofing the equipment and your requirements
- Adjustable screen: Each operator can set height and angle of the screen individually
- Faster, more accurate test measuring: For more precise outcomes in terms of adjustments to injectors
- Online updates: Keeping you up-to-date with current test specifications
- Bright, dazzle-free workspace lighting: Giving great visibility of leaks whilst also being easy on the operator's eyes
- Clear and accurate results: Demonstrate your expertise and service level to customers with a printed test report (printer optional)
- No need for high-pressure hoses: To reduce service costs

Accessories

With the optional accessories, the DCI 700 can be used for CRIN as well as for future generations of injectors

- CRIN 1, CRIN 2, CRIN 3: 1 687 010 607
- CRIN 4.2: 1 687 010 608
- CRI 3rd party: 0 684 010 609 (coming soon).
