

# BOSCH FSA 050

## Handheld Multimeter

**Merlin Diesel Systems are a national distributor of Bosch Test Benches and Tooling for the Independent diesel network in the UK and Ireland**

We are pleased to be able to offer this **FSA 050 - 0 684 010 050** handheld Multimeter from Bosch to our valued customers.

The **FSA 050** high-voltage multimeter tests all electrical drive systems and is the fast and convenient way to competently troubleshoot faults with electric and hybrid vehicles. With the handy **FSA 050** in your workshop, you'll be up-to-date and prepared for the trend towards electrical drives.

Compact, lightweight and intuitive, this wireless device enables efficient and accurate testing of voltage, resistance, capacity, continuity, insulation and piezo injector integration. It's a small tool with big output!

**£795** + VAT

### Features Overview

- Standalone tester: Get fast results with insulation and high-voltage testing for electric and hybrid drives.
- Combines as a test module with FSA 500 or FSA 720/740: Enhance functionality and output to comprehensively document measurement test results.
- Compact (220 x 110 x 65 mm): Handy size for efficient working.
- Lightweight (0.8 kg): The mobile solution around the workshop.
- Bluetooth interface: Ultimate convenience – wirelessly transmit test results to workshop PC or FSA series.
- Complete with storage case, two measuring cables, high-voltage probe, CD/DVD CompacSoft [plus] and Bluetooth USB stick: It's the economical package for testing electrical drive systems.
