

# AGRICULTURAL FOCUS

## Quality Spare Parts For Your Machinery

Merlin Diesel Systems Ltd holds the largest and most comprehensive stock of Agricultural fuel pumps and injectors in Europe, covering a choice of **New, Exchange, Build to order or the option to Repair.** With over **70 years of experience** in the testing and repair of agricultural diesel fuel injection equipment we are always here to help with any enquiries you may have.

### QUALITY KNOWLEDGE RANGE RELIABILITY

Our qualified technicians pride themselves on product knowledge, acquiring parts and having the equipment and systems in place to minimise customer vehicle off road time. From the early basic mechanical units, Bryce/Lister Petter type pumps right up to the latest advanced common rail technologies - **we are always here to help.**
