

Bosch is a leading manufacturer of components for diesel engines in both the on-highway and off-highway sectors and continually sets new standards with its diesel innovations. Bosch offers a comprehensive portfolio of high-quality components and systems for both sectors.

A large proportion of off-highway diesel engine and generator manufacturers take advantage of this and benefit from excellent power dynamics, low emissions and low fuel consumption.

As Merlin are an authorised distributor for Bosch off-highway products we can supply all the off-highway diesel fuel injection parts you require in the following areas:

[Marine](#)

[Agriculture & Forestry](#)

[Power Generation](#)

[Mining](#)

[Construction & Material Handling](#)
