

BOSCH AUTHORISED REPAIR PARTS

Merlin are official distributors for Bosch Mobility Solutions authorised repair diesel fuel injection parts.

Bosch Mobility Solutions are a leading global supplier of vehicle components, technology and services. Bosch parts can be found in almost every vehicle on the planet.

Vehicle manufacturers of all types, know and trust that the components supplied by Bosch are unmatched in quality, providing reliability and longevity and sustainability of their vehicles.

One of the biggest sectors for Bosch Mobility Solutions is in its Injection technology for the Internal Combustion Engine (ICE). With 12.3 million diesel powered vehicles in the UK as of 2019, the service sector for these vehicles maintenance is vast. Having the right repair components available for this sector is essential in keeping these vehicles working to their optimum efficiency and on the road.

Being a official distributor of Bosch authorised repair parts, Merlin's ability to cater for this sector is unrivalled. We hold over 26 million pounds of stock with over 80 thousand active product lines, combined with our next day dispatch policy, we can comfortably meet demand.
